HOW TO ACCESS YOUR SAT SCORES

If you have a College Board account, you will log in to your account at www.collegeboard.org and click on SAT and then click SEND SCORES. Your scores should be viewable.

If you are not sure if you have an account, try using the “forgot username” button. If the system does not recognize your email, you most likely do not have an account. Try all possible emails! You do not want to create more than one account! If you do not have an account, you will need to create one. (see directions below) After creating an account, follow these instructions:

When you log in, click SAT

Click on Let’s Begin or Continue (bottom right)

It will ask you if you ever registered for an SAT by mail; click yes and enter your registration number. If you no longer have your registration ticket, you will need to stop by the guidance office to retrieve your registration # or you can email your counselor for the #.

Fill out the rest of that page and click on continue

April scores should appear.

If this does not work, wait a few days and try again. If you still cannot VIEW the scores you will have to call College Board at 866-756-7346. This means you probably have multiple accounts and a customer service representative will need to reconcile your accounts or there is a name, email or date of birth mistake associated with your account.

SOME SCORES ARE NOT YET AVAILABLE. PLEASE BE PATIENT AS THE COLLEGE BOARD RELEASES THE SCORES IN WAVES, NOT ALL AT THE SAME TIME FOR IN SCHOOL ADMINISTRATIONS.

HOW TO CREATE A COLLEGE BOARD ACCOUNT

Go to www.collegeboard.org and click on Sign Up

Fill in the required fields, create a username and password (keep this in a safe place)

Confirm your name and birth date are correct by checking the boxes and clicking confirm. You now have a collegeboard account and can register for additional SAT’s offered on Saturdays by clicking on Register for the SAT and following the prompts.
